Re: SAE International Technical Report No. J3030
Title: "Automotive Refrigerant Recovery/Recycling Equipment intended for use with both R1234yf and R134a"

May 7, 2013

Dear Mr. Pokrzywa:

In accord with the current version of the SAE Technical Standards Board Governance Policy relating to patent disclosures, Bosch Automotive Aftermarket /Automotive Service Solutions provides the following assurances:

☐ [Company name] does not hold and does not currently intend holding any invention claimed in a patent or a pending patent application the use of which would be required for compliance with SAE Standard / Technical Report No. [insert standard number(s)]; or

☑ Bosch Automotive Aftermarket /Automotive Service Solutions shall make available the following patented and/or patent pending technology, which is or may become essential to SAE Standard / Technical Report No. J3030, to persons or entities desiring to implement the Report.

Bosch Automotive Aftermarket /Automotive Service Solutions shall (select only one):

☐ provide a royalty-free, non-exclusive license to the patents/patent applications listed below; or

☑provide a non-exclusive license to the patents/patent applications listed below under reasonable rates, with reasonable terms and conditions that are demonstrably free of any unfair discrimination.

United States Patent No. 5,493,869 , entitled, "Recovery of at Least Two Different and Incompatible Refrigerant Types", issued on (February 27, 1996)

United States Application No. _____ , entitled, (Title), issued on (Date)

EP Patent No. _____ , entitled, (Title), issued on (Date)

Each of the preceding enumerated patents and/or patent applications are assigned to Bosch Automotive Aftermarket /Automotive Service Solutions

Kindly direct all correspondence to my attention at:
