

If You Are Traveling:

South on the Southfield Freeway:

Take the Michigan Avenue Exit and continue along the freeway service drive to Village Road, which is the entrance to Greenfield Village.
Turn right onto Village Road, and proceed past Greenfield Village and the Henry Ford to Oakwood Boulevard. Cross Oakwood Boulevard and pass through the Ford Research and Engineering Center entrance gates. Proceed on Village Road to the Ford Research and Innovation Center, which is the last building on the left, at the corner of Village Road and Military.

North on the Southfield Freeway:

Take the Oakwood Boulevard Exit. Turn left onto Oakwood Boulevard to Village Road. Turn left at the light onto Village Road and the Ford Research and Engineering Center entrance gate.
Proceed on Village Road to the Ford Research and Innovation Center, which is the last building on the left, at the corner of Village Road and Military.

West on I-94:

Take the Oakwood Boulevard Exit. Turn right onto Oakwood Boulevard to Village Road. Turn left at the light onto Village Road and the Ford Research and Engineering Center entrance gate.
Proceed on Village Road to the Ford Research and Innovation Center, which is the last building on the left, at the corner of Village Road and Military.

East on I-94:

Take the Southfield Freeway North and exit onto the Oakwood Boulevard Exit. Turn left onto Oakwood Boulevard and proceed to Village Road. Turn left at the light onto Village Road and the Ford Research and Engineering Center entrance gate. Proceed on Village Road to the Ford Research and Innovation Center, which is the last building on the left, at the corner of Village Road and Military.

Research and Advanced Engineering
