

Industry-Focused
Solutions
Delivered Rapidly

A comprehensive computational center that quickly delivers solutions for the automotive, aviation and energy industries is now open and ready for business.

We look forward to meeting with you at the SAE World Congress in Detroit.

Please plan to attend a presentation about the many advantages and features CU-CCMS has to offer.

Wednesday, April 16, 2008

from 8:30–9:30 a.m. or 10:30–11:30 a.m. at Richard B, Level 5, Marriott Renaissance Center and be sure to visit us at the South Carolina Booth, #2728/2730.

- Unique and Validated Methods
- Cost Effective Solutions
- Reduced Design Cycle Time
- Physically Realistic Results
- Dedicated and Powerful HPC System
- Diverse Disciplines
