

Tour-Charleston AFB 437th C-17 Maintenance Facility

Thursday, September 18, 2008

The 437th Maintenance Squadron provides around-the-clock on- and off-equipment maintenance for C-17 aircraft tasked with worldwide airlift, Joint Chief of Staff alert, and Department of Defense airdrop missions.

The Squadron conducts aircraft inspections, repair and fabricate aircraft structures, aircraft systems components and engines. Additionally, we provide Air Mobility Command core Test, Measurement, and Diagnostic Equipment laboratory, Aerospace Ground Equipment, and munitions support.

- Cost is \$25 (includes transportation to and from facility)
- Pre-Registration is required by August 29, 2008
- Must have valid photo I.D (Foreign Nationals, please bring valid Passport)
- Tour is limited to 50 people
