# SAE 2011 AeroTech Congress & Exhibition

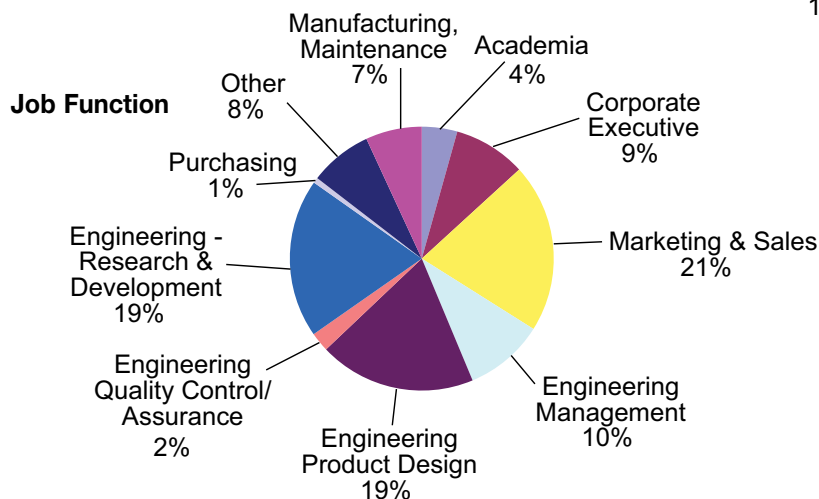

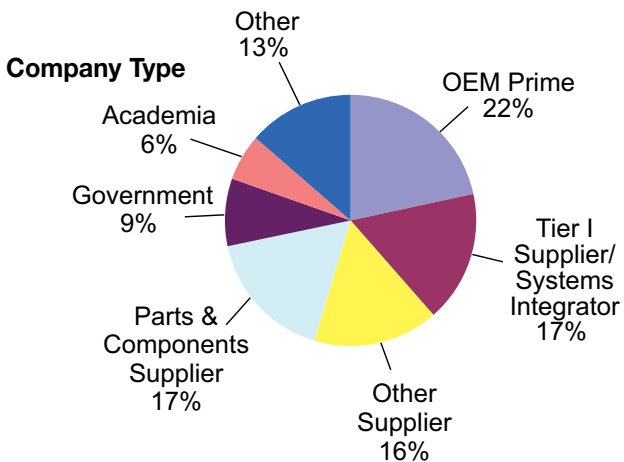

October 18-21, 2011 • Centre de Congrès Pierre Baudis • Toulouse, France

Bi-annually, thousands of the world's top aerospace professionals gather at the SAE AeroTech Congress & Exhibition – the essential aerospace event where the aerospace community prepares for future challenges and opportunities. This is an invaluable opportunity for you to renew and develop important business relationships within the international aerospace industry.

This year's AeroTech Executive Planning Council is organizing an event that will be relevant, timely and future-focused. Comprised of top aerospace representatives, the Council lends their broad expertise to the development of the information-packed technical program.

We invite you to join us for this important global forum.

## Who attends\*

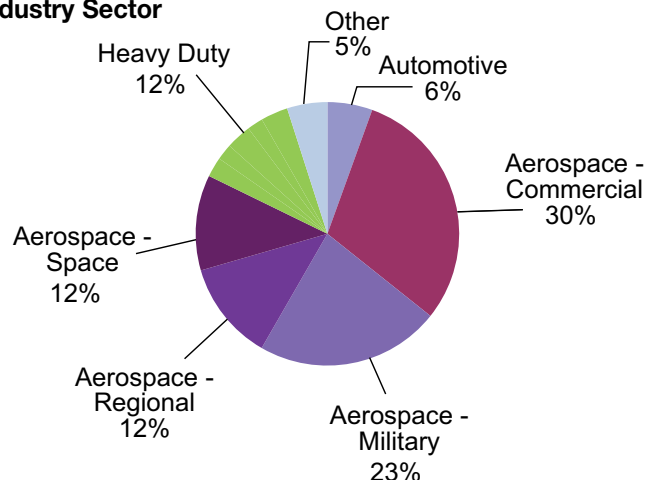

## Who should exhibit?

Companies involved with the latest technologies related to:

- Aerospace Operations
- Aircraft Systems
- Automated Fastening/Assembly and Tooling
- Aviation Cyber-Physical Security
- Avionics
- Business/Economics
- Electronics
- Environmental Impact
- Flight Sciences
- Maintenance, Repair and Overhaul
- Manufacturing
- Materials/Structures
- Power Systems
- Propulsion
- Safety
- Systems Engineering
- Unmanned Aerial Systems
- Vehicle Systems Architecture

## Industry Sector

\*Based upon 2009 AeroTech Congress registered attendance.

## Marketing Solutions from SAE International

### Exhibit. Sponsor. Advertise.

With the challenges facing the aerospace community, the need for innovation and creativity has never been more critical. The SAE 2011 AeroTech Congress and Exhibition provides the perfect forum to showcase your organization's latest technical achievements and contributions to the advancement of the aerospace industry.

Don't miss this unique and unparalleled opportunity to demonstrate your organization's leadership and participation in the event through exhibiting, sponsorship or advertising.

#### Early Bird Exhibit Rate *Hurry - Ends November 1, 2010!*

Take advantage of low, early bird pricing and secure prime exhibit space when you sign up by November 1, 2010. Receive a special discounted rate of \$50 (USD) per square foot for a 10' x 10' booth or \$33 (USD) per square foot for a 20' x 20' or larger booth. There is an additional charge of \$250 per exposed corner.

#### Standard Exhibit Rate

The rental rate is \$55 (USD) per square foot per 10' x 10' booth. There is an additional charge of \$250 for each exposed corner.

#### Bulk Exhibit Rate

*Need more space at a better value?* Bulk space (400 square feet or more) is available at the rate of \$35 (USD) per square foot, plus \$250 for each exposed corner.

#### Benefits of Exhibiting

- Attendee networking functions will be held in the Exhibit Hall
- Opportunity for high visibility sponsorships
- Opportunity to rent post-event registrant list
- Company listing and description in Event Guide distributed to event attendees
- Complimentary basic lead retrieval unit to capture attendee leads
- Electrical, carpet, hard back wall and company identification sign
- Comprehensive on-line exhibitor service manual and information bulletins
- Removal, storage and return of empty crates

#### ► Space Assignment Procedures

Exhibition space is assigned on a first-come, first-served basis until the event is sold out. Take advantage of early bird rates and choice of prime exhibit space and sign up NOW. To confirm your exhibition space, submit your completed Exhibit Space Contract and deposit today!

#### Sponsorships

High visibility sponsorships – including Registration Area, Banquet, Awards Luncheon, Networking Breaks, Friends of the Industry and more – are cost-effective, high-impact solutions for increasing your brand awareness among attendees while enhancing your on-site presence during the Conference. *Looking for something different?* We are happy to partner with you to customize a package to achieve your goals.

#### Advertise

Combine the power of print advertising with your on-site exhibit and sponsorship to deliver pre- and post-show visibility at an economical value. Reinforce your message to event attendees with an ad in *Aerospace Engineering & Manufacturing* and you will receive a complimentary ad in the on-site event guide. *Aerospace Engineering & Manufacturing* is the aerospace industry's leading technical magazine with a guaranteed minimum circulation of 40,000 aerospace decision makers per issue.

**To reserve your position at the SAE 2011 AeroTech Congress & Exhibition or for more information for promoting your organization's products and services to this global audience, contact:**

## Call for Papers – Key Dates

The SAE AeroTech Congress technical program will cover a broad spectrum of topics and provide a venue for engineers to meet and discuss current and future challenges. We invite you to submit an abstract in the following technology areas:

Aerospace Operations	Flight Sciences
Aircraft Systems	Manufacturing/Materials/Structures
Auto Fastening / Assembly & Tooling	Power Systems
Aviation Cyber-Physical Security	Propulsion
Avionics	Safety
Business/Economics	Systems Engineering
Electronics	Unmanned Aerial Systems
Environment	

Abstracts for written papers and/or oral-only presentations should be submitted online at: [www.sae.org/aerotech](http://www.sae.org/aerotech) by **March 8, 2011**. Review-Ready manuscript due date: **April 10, 2011**. Final manuscript due date: **August 2, 2011**.

For more information, please contact: Joan Hudson, SAE International, 400 Commonwealth Drive, Warrendale, PA 15096-0001 USA, email: [jhudson@sae.org](mailto:jhudson@sae.org) or 1-724-772-4003.

## Become an AeroTech Volunteer.

SAE International is a recognized world leader in the enrichment of the mobility engineer's technology base through its exceptional meetings, conferences, and exhibits. Be an important part of developing, collecting, and distributing technical information to SAE members and other mobility practitioners throughout the world.

*Lend your expertise to any of the committees responsible for guiding the organization of SAE events/technical sessions:*

- AeroTech General Committee
- Aerospace Manufacturing and Materials Committee
- Aerospace Vehicle Systems Committee
- Avionics Committee
- Safety Committee
- Unmanned Aerial Systems Committee
- Aerospace Operations Interface Committee
- Aviation Cyber Security Committee
- Aviation Management Committee
- Systems Engineering Committee
- Flight Sciences Committee
- Environment Committee
- Aerospace Maintenance Committee
- Aerospace Fastening Committee
- Power Systems Committee
- Propulsion Committee
- Vehicle Systems Committee

*Consider SAE meetings committee participation through any of the following positions:*

- Engineering Technical Committee Member
- Session Organizer
- Technical Paper Reviewer
- Technical Paper Author/Co-author

To learn more about these volunteer opportunities contact Frank Bokulich at 1-724-772-7571 or email [fbokulich@sae.org](mailto:fbokulich@sae.org).
