

ICE2011

10th International Conference on Engines & Vehicles Capri, Napoli (Italy) September 11-15, 2011

Prospective authors are invited to submit abstracts of 300 words or less for review by the General Committee. Abstracts are submitted on-line (<http://www.sae.org/events/ice/cfp.htm>). Upon submission, you will receive an automatic reply with your tracking number. Paper acceptance will be based on peer-review of review-ready manuscript that is organizer moderated. Authors should prepare their papers according to SAE International format. For additional information please contact SAE_NA Secretary at saena@im.cnr.it.

Deadlines

Abstracts due to SAE December 15, 2010
Draft Manuscript due to organizers March 10, 2011
Final Manuscript due to SAE June 10, 2011

ICE2011 is organised by SAE_NA Italian SAE section with Engine Research Center - Madison (USA) and Istituto Motori-CNR - Napoli (Italy).

Topics of the Conference

Fuel Injection and Combustion Process

Fuel Injection & Sprays Modelling/Experiments
Combustion and Flow diagnostics
CI Combustion Modelling/Experiments
CI Performance with Alternative Fuels
HCCI Modelling/Experiments
SI Combustion Modelling/Experiments
SI Performance & Fuel Effects

Alternative and Advanced Power Systems

Hybrids and Electric vehicles
Fuel Cell Technologies
Hydrogen IC
Advance Transmissions
Novel Designs

Fuels and Lubricants

Nonpetroleum Based Fuels
Advanced Petroleum Based Fuels
Gaseous Fuels
Lubricants & Bearing Systems
Advanced Lubricants

Powertrain Technology

Turbochargers
CI & SI Power Cylinder Systems
Small Engine Technology
New CI and SI Engines & Components
Engine Control and Optimization
Vehicle Control and Optimization
Vehicle System Models

Exhaust Aftertreatment and Emissions

Off-road emissions
Heavy duty emissions
Particle emission
General Emissions
NVH
Exhaust System Modeling
Aftertreatment Systems
