DOCUMENT DEADLINES

- ❖ **Ocean Shipments:** Mandatory documents must be received Seven (7) days prior to the vessel's departure. Importer Security Filing (ISF) requires Ten (10) elements to be completed 24 hours prior to tendering to carrier. U.S. Customs penalty phase begins January 2010. Please contact your TWI representative for further assistance or questions regarding ISF filing. **DO NOT TENDER SHIPMENTS TO THE CARRIER WITH OUT PRIOR APPROVAL FROM TWI. YOU WILL RECEIVE AN ISF TRANSACTION NUMBER.**
- ❖ **Air Shipments:** Prior to the aircraft's arrival, all documents must be attached to the AWB and a faxed pre-alert must be sent to TWI Las Vegas along with copies of the master/house air waybill and invoice(s). Please send copies of invoice/packing list three (3) days prior to arrival of aircraft.

MARKS AND PACKING

In order to withstand handling by international carriers, local trucking companies, and the on-site drayage contractor, all cases must be packed securely. Reusable crates are essential if the goods will be on-forwarded at the close of the exhibition.

IMPORTANT: Booth materials, literature and giveaways require filing of consumption entries with duty payment. These items must be packed separately from samples, (not for sale), which may be entered as temporary imports. Failure to separately pack these items may cause delays and additional expenses.

All cases, crates, or cartons must be clearly marked on two sides as shown below. Skidded or containerized cargo should be individually labeled with these same marks. Shipping labels should appear as follows:

**CONVERGENCE 2010
COBO CONFERENCE/EXHIBITION CENTER
ONE WASHINGTON BLVD.
DETROIT, MI 48226**

For: _____
(Name of Exhibitor)
Booth Number:
Carton No. ____ of ____
Gross Weight: _____ kgs.

SOLID WOOD PACKING MATERIALS

Solid Wood packing material is subject to wood treatment standards for pest control as per 7 CFR 319.40. Lack of compliance may result in delays, additional costs, and possible denial of entry and penalties. The IPPC standard calls for most WPM to be either heat treated or fumigated with methyl bromide in accordance with the Guidelines and marked with an approved international mark certifying that treatment.

INSURANCE

It is the responsibility of exhibitors to secure insurance coverage for their goods throughout the entire shipping process, beginning at the point of departure, during the exhibition, until return to the ultimate consignee. Freight left at your booth at the close of the exhibition may be unattended for a period of several hours or several days. Insurance may be offered by your local shipping agent or your corporate insurance company.

DISPOSITION OF GOODS (Forms A)

If any goods are sold or returning, please see and complete Form A.

If any of the goods are sold in the United States after importation (including sales at the show), the exhibitor will still be responsible for duties and fees incurred in filing of a consumption entry. Therefore, if you engage in any such sales transactions, you should consider including these costs and duties in your sales price to your domestic purchaser.

PAYMENT OF CHARGES

Our terms and conditions require that all transportation, customs clearance and delivery charges be paid before the close of the show unless other arrangements have been made or you have utilized an agent that is indicated on our International Agent List. For payment of invoices TWI will accept cash payments in U.S. dollars, traveler's checks in USD, or company checks drawn on a U.S. account. Exhibitors who desire to have their charges billed to a third party must provide TWI with written instructions, which include full details of the responsible party.

LACEY ACT - WOOD PRODUCTS

In May 2008, Congress passed a law (Lacey Act) banning commerce in illegally sourced plants and their products, including timber, wood and paper products.

The Lacey Act makes it unlawful to import, export, transport, sell, receive, acquire, or purchase in interstate or foreign commerce any plant, with limited exceptions, taken or traded in violation of US laws or a foreign country.

The Lacey Act is in full enforcement by US Customs and APHIS (Department of Agriculture Inspection Services).

It is each company's responsibility to exercise "due care" and understand the origin of its forest products, keeping in mind that a Lacey violation can result in forfeiture of goods and penalties of up to \$200,000.

If your products fall into any of the attached classifications, the PPQ form 505 must be completed.

For instructions & PPQ form 505, please review the following web-link below:

Information from Our Customs Broker concerning Customs Entry

AUTHORIZATION FORM (Form B)

If TWI Group will be exporting your freight from the USA, we will require a signed Forwarding Agent Authorization Form. This form authorizes TWI Group to act as your forwarding agent. The authorization form is attached as Form B. Please complete it thoroughly and then fax or email to your TWI representative.

CUSTOMS POWER OF ATTORNEY (Form C)

A signed Customs Power of Attorney form is required for all import shipments into the USA. This form allows the customs broker to make a customs entry on your behalf. Please note that the certification portion needs to be filled out if the exhibitor is a non-resident (non-US) corporation. Please complete Form C, and fax or email to your TWI representative with your pre-alert and arrival information.

INVOICE INFORMATION

The customs broker cannot make entry on shipments where invoices do not include the necessary details. Please follow the instructions below to avoid delays, additional expenses, or denial of entry for your goods. The invoice(s) you will be providing is/are described in either "a" or "b" below.

- a. If your shipment consists of goods which are not shipped pursuant to a current sales transaction (non-purchased goods) provide a pro forma invoice.
- b. If your shipment is pursuant to a current sales transaction (purchased goods), please provide the commercial invoice.
- c. IMPORTANT – if your shipment consists of booth materials as well as samples, create two separate pro forma invoices: one for the booth materials, and one for the samples.

For all invoices, the following details are required.

- Unit value and total value: Provide values, in the currency in which the item was purchased/manufactured, that are representative of either:
 - The actual purchase price OR
 - The actual manufacturing cost.
 - You may be requested to provide back up documentation supporting the declared values. Make sure to retain this back up documentation.
 - Make sure you have declared a value for each item. It is not acceptable to declare a lump sum value for a variety of items.
 - It is not acceptable to use the phrase "No Commercial Value."
- Make sure your invoice includes detailed product descriptions:
 - Name of product in English, and model number or part number if applicable.
 - What it is made of (for example: wood, plastic, metal, etc.)
 - What it is used for (for example: sesame oil for aromatherapy purposes, metal shelving for display purposes, etc.)
 - It is not acceptable to use descriptions such as "give-aways" or "exhibit materials"
 - Note that display booths and stand fittings must be described according to their component parts.
 - If your invoice is for samples for temporary entry, put the following declaration on your invoice in addition to all other information:

"Articles imported for use as samples at trade show only, not to be put to any other use and not for sale or sale on approval."
- Make sure your invoice includes the country of origin of each item.
 - Country of origin is the country where the goods were grown or manufactured, not to be confused with country of export or country of purchase.
 - Check the goods for country of origin marking and make the declaration consistent with marking.
 - Please make this declaration carefully.

- Remarks A or B: Check the appropriate box which will indicate what will be done with your goods after importation for the exhibition.
- For textile products, if the name of the shipper/exhibitor (as shown at the top of the form) is not the manufacturer of the goods, indicate the name and address of the actual manufacturer in the designated space at the bottom of the form.
- The invoice must be signed in blue ink. Include the name, job title, and signature of person preparing the invoice(s).
- Proper entry of merchandise is largely dependent on the accuracy of the information you provide.

d. Additional Information.

To comply with U.S. Customs and Border Protection (CBP) requirements, the customs broker reserves the right to ask you for additional information on an as needed basis such as your purchase invoices, product specification, promotional literature or other records evidencing the details of the product composition, use and manufacture, origin of goods and any other detail required if the original details you supply are not sufficient to make Customs Entry.

e. Copies Necessary:

Please include six (6) copies of the invoice and packing list addressed to TWI Import Services, for [Exhibitor Name] with the name of the show and the booth number. TWI requires one (1) original signed invoice, signed in blue ink. In addition, TWI requires electronic versions of the documents to be emailed with the pre-alert.

METHODS OF ENTRY

Goods will clear customs in one of the following ways:

- Consumption Entry (Duty Paid) – Customs duties, if any, are assessed and paid immediately. Consumption entries are required for display booths, booth materials, promotional items, (“give-aways” such as pens, lapel pins, etc.), brochures, catalogs, etc. Duty rates depend on specific commodity descriptions.
- T.I.B. (Temporary Import Bond) – A TIB entry (temporary import) may be made for goods that are “samples for taking orders only” which are NOT for sale or sale on approval. If a portion of your shipment is samples, make a separate invoice for these items. Other items such as display booth and booth materials, promotional items, etc. must be on a separate invoice. Combining temporary import goods (samples) with consumption entry goods (booth materials) may result in additional expenses and delays.
- ATA Carnet – If you have an ATA Carnet it may serve as the customs entry for your shipment. All items must be listed on the Carnet.

COUNTRY OF ORIGIN MARKING

Goods imported into the U.S. are required to be marked with their country of origin. In particular, any items that will be given away or sold in the U.S. must be marked permanently and legibly in English with their country of origin. Country of origin is the country of actual production, manufacture, or growth.

RESTRICTED ITEMS

Many commodities are subject to additional controls by U.S. governmental agencies. For example, *the following items may require additional documentation, clearances, permits or licenses before admission:*

Alcohol, tobacco, foodstuff, plants, seeds, clothing, textiles, items containing leather or animal parts, transmitters, receivers, certain telecommunication equipment, television or computer monitors, toys, chemicals, medicine, drugs, medical equipment and appliances, items used in preparation/distribution of food, weapons and ammunition, “defense” related items, motor vehicles and parts, and nuclear material and its by-products.

Please see page seven for additional details concerning certain commodities subject to other government agency clearances. Please contact TWI so that we can seek additional instructions from the customs broker if you intend to include any of these items in your consignment.

From Our Customs Broker – Regarding Other Government Agencies

From Our Customs Broker – Concerning Military and Dual Use Items

MILITARY AND DUAL USE ITEMS, ENTRY REQUIREMENTS AND STATE DEPARTMENT LICENSING

The following is for your information and guidance. Our Customs Broker does not assume responsibility for the information contained in this communication. The communication is for general purposes only, does not constitute legal advice and should not be acted upon without advice of professional counsel.

TWI can obtain a U.S. State Department License for Temporary Import of Unclassified Defense Articles on your behalf. However TWI reserves the right to request additional information as needed in order to complete the license application process in accordance with U.S. State Department requirements. Failure to provide the necessary information to TWI will result in a rejection of your import license application. In addition, TWI reserves the right to refuse your application request at anytime.

Military and Dual Use Items – US Customs and Border Protection enforces Department of State requirements for military items, models of military items, and/or items which can be used for military purposes, to be licensed prior to importation into the US. This statute includes exhibiting at trade shows and exhibitions. Dual use items are those which have non-military applications but could be used for military purposes, for example certain high technology components, software, or firmware.

Following is the **22 CFR 121** Munitions list. Any item listed within the Munitions list is subject to licensing. Information can be found at http://www.pmddtc.state.gov/itar_index.htm . If you are receiving this on-line, you may click on the links below. All Categories are subject to Department of State DSP 61 Temporary Import License. For the direct requirements of the Department of State, the munitions list can be emailed upon request in PDF format. **For your guidance, meeting the requirements to obtain a license is the responsibility of the exhibitor.**

ITAR and amendments http://www.pmddtc.state.gov/official_itar_and_amendments.htm
ATF program information <http://www.atf.gov/firearms/index.htm>

TWI can assist with the preparation of the application, answer questions and review items to clarify license requirements. The following documents are necessary for the preparation of the license application. **The Department of State requires eight (8) weeks for processing of licenses.**

In order for TWI to apply for a license on your behalf, we will require the following information at least eight (8) weeks prior to importation:

Copy of Commercial Invoices in USD\$ and in Exel format
Copy of Product Brochures, Pictures or Schematics
Company and/or Manufacture; Name, Address, Phone/Fax
All Forwarding Agents; Name, Address, Phone/Fax
Copies of equipment rental/loan or purchase order (if applicable)
Copy of "Letter of Participation" from the Organizer inviting the participant to the Exhibition or Conference
Letter of Intent on the Participants Letter Head
Licensing can take up to 8 weeks to be approved.

Outbound Show Instructions

Dear Exhibitor,

We are happy to assist you and your agent in shipping freight to this Tradeshow. If your freight is going to be returning overseas or domestically at the close of this show, please read the information below in regards to US 'move-out' procedures.

At **all** US shows there are some areas that the exhibitor must arrange directly with the General Contractor. It is the responsibility of the exhibitor to make sure that all of the General Contractor's requirements are completed and payment arrangements have been made.

If you have not received a 'Material Handling Form' from the General Contractor by the last day of the show, please go to their Service Area to obtain your Material Handling Form. They will either take your shipping information verbally or give you the Material Handling Form to fill out. It is very important to note the following on your form:

- 'TWI' must be listed as the Carrier or we will not be able to pick-up your freight.
- The piece count **MUST** be accurate, but an estimate is acceptable on the weight.
- The final address you list on this form must be the same as the address you put on the labels.

Prior to leaving the Service Area, please ask the general contractor for their labels and be sure that the address on the labels is the same as the address on the Material Handling Form. Please be sure to place at least one label on the side of each piece of freight.

Once you are finished packing, your Material Handling Form **MUST** be returned back to the General Contractor. Please **DO NOT** take the form with you when you leave and **DO NOT** leave it in your booth. The General Contractor will give you a copy to keep for your records.

If you have questions, you can always contact your TWI Customer Service representative:
