# LSE in Coordination with PM/PEOs

Horizontal integration/coordination between AMC and ASA(ALT) PM & PEOs

- **Contractors on the Battlefield**
  - Digitized Division
- **Blue Force Tracking**
  - 1200 BFT (Army, Marines, British)
- **Movement Tracking System (Logistics awareness)**
  - Systems installed in AOR
    - 19 Mar, 177 (4 USMC)
    - 13 Jun, 789

**Success on the battlefield –**

*A Common Operational and Logistical Picture in the Battlespace*

# AOAP/TMDE

## AOAP

- **ENHANCES Flight Safety**
- **IMPROVES Equipment Readiness**
- **EXTENDS Component Life**
- **REDUCES Cost and Downtime**
- **CONSERVE petroleum resources**

Candidate for outsourcing

**20 Field Labs - 3 Depot Labs - 2 Mobile Labs**

## TMDE

- **ALL WEAPONS SYSTEMS REQUIRE CALIBRATION**
- **TMDE SUPPORT INTEGRAL PART OF DS/GS MISSION**
- **97 % OF TMDE CALIBRATED/REPAIRED IN AO**

# Maintenance Support Enablers

## HMMWV Service Center

- Emerging capability being established at LSA Anaconda, Balad, IZ – Nov-Dec 04
- Services ranging from Direct Support (DS) type – to – limited Depot repairs

## HMMWV Refurbishment

- Initial capabilities being established at Arifjan, Kuwait Nov-Dec 04
- Service will be similar to General Support (GS) level

## Supply Initiatives

- Tire Assemblies
- Unit “pure packs”

# Special Repair Teams

## METT-TC – On Demand

**RTCH  
Kalmar  
Contractor**

**Transmissions  
TACOM Depot**

**Generators  
DA Civilians**

**Heater Team  
DA Civilians**

**LAMS  
Contractor  
Setup**

# Contractor Logistics Support

## BIOLOGICAL INTEGRATED DETECTION SYSTEM

**Coordinate CLS  
Teams into the  
maintenance plan**

**STRYKER**

**Increased contractor footprint  
Movement and control on the  
battlefield is a major effort**

# Contractor Coordination Cell

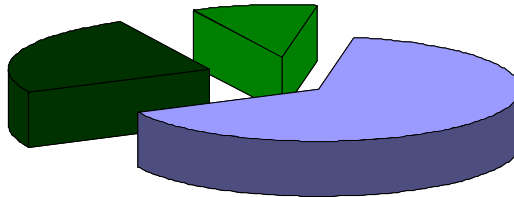

- Reception Staging Onward Movement and Integration of contractors into theater
- Maintains a contractor accountability
- Assist CFLCC Casualty Assistance Center
- Worked CRC “Gaps”

5,500 Contractors Registered

PM/PEO = 10%

• System Support

- Northrop Grumman
- VFWarner Assoc.
- Lockheed Martin

AMC Direct = 65%

• Direct

- KBR,
- ITT,
- TAMSCO,
- Stanley,
- LMR

Direct Support = 25%

• To Unit

- Boeing
- General Dynamics
- Raytheon
- United Defense

# IN SUMMARY

**The AFSC Logistic Support Element provides the horizontal integrating and synchronization of maintenance support in the theater by rapidly projecting required forward capabilities. . . by**

- **Enhancing combat readiness**
- **Optimizing “end-to-end” logistics...supporting reception, staging, onward movement and integration (RSO&I)**
- **Providing uninterrupted theater sustainment by linking to “reach-back” logistics capabilities**
- **Anticipating logistical requirements – providing right Combat Service Support capabilities at the right time and right place**

***AFSC - On the Line***
