

BRAC-Breaking the Joint Solution Barrier

Major General Willie J. Williams, USMC
Commanding General
Marine Corps Logistics Command

Joint Maintenance

- **1974 Joint Technical Coordinating Group for Depot Maintenance Interservicing**
- **1986 Goldwater-Nichols Defense Reorganization Act**

Joint Operability

- Joint operability today.
- Joint transformation means interservice cooperation.
- 2005 BRAC Goals...to transform the military and to promote jointness.

Major Issues Today

- **Ability to reset the force during high OPTEMPO.**
- **Excessive wear due to high usage rate of equipment in harsh desert environment.**
- **Funding shortfalls and decrease in non-deployed unit readiness.**

Way Ahead

- **21st Century Transformation.**
- **Transform paradigm to focus maintenance where it makes the *most sense* and *value* to the customer.**
- **Organic depots need to align to the warfighter.**
- **Seek out partnerships in spirit of trust.**
- **Leverage interservice synergy for the success of the warfighter**

Breaking the Joint Solution Barrier

**Look Forward to
your Questions.**
