

2008 Maintenance Symposium

PLENARY SESSION

Requirements Determination, Planning & Managing Contractor Maintenance Support for Deployed Forces

**Mr. Gary Motsek
Assistant Deputy Under Secretary
(Program Support)**

Things We Did Good

- Significant Number of Civilian Annuants Returned
- Private Companies Responded Quickly
- Contractors Ready, Willing and Able to Work Wherever

...BUT?

- Requirements
- Coordination
- Communications

Were Not Well Planned

Requirements Determination, Planning & Managing Contractor Maintenance

- **Establish Strategic Framework**
- **Strengthen Current DoD contracting management**
- **Implement Sections 861 and 862 of 2008 NDAA**
- **2009 NDAA (Signed 14 OCT 2008)**

“The Total Force distributes and balances skills across each of its constituent elements: the Active Component, the Reserve Component, the civilian workforce, and the private sector and contractor base.”

National Defense Strategy June 08

Managing Contractor Maintenance Support for Delayed Forces

- **Integration of Life Cycle Management Principles into Acquisition**
- **Integrated Supply Chain Operations**
- **Strengthen Logistics Management Skills**

ONGOING ACTIONS

- **Support for US & Coalition Forces**
 - ✓ **Established Materiel Readiness Board**
 - ✓ **Supporting Wartime Commission**
 - ✓ **Developed ISF Logistics Capabilities**
 - ✓ **Strengthen Contractor Management and Oversight**
 - ✓ **Coordinate all Agency Private Security Contractor (PSC) Operations**
 - ✓ **Reducing Shipment Shrinkage in Transit**

Maintenance Support is Important
