

NAVICP's PBL Perspective

*Strengthening the
Links in the Supply
Chain*

• *PBL at NAVICP*

Ready. Resourceful. Responsive!

Presented at:
DoD Maintenance Symposium
29 October 2008

*RADM Raymond Berube
Commander, Naval Inventory
Control Point*

PBL at NAVICP

Integrating the Supply Chain

Alternative logistics support solutions that transfer traditional DoD inventory management, technical support, and supply chain functions to the provider for a specified level of performance at the same or reduced cost.

PBL Supplier Roles

- *Warehousing*
- *Requirements determination/forecasting*
- *Engineering/tech services*
- *Transportation*
- *Repair/overhaul/replace decision*
- *Consumable piece parts*
- *Obsolescence management*
- *Configuration management**
- *Technology/reliability insertion*

* Navy retains configuration control

**Cultivate
Long Term
Partnerships
With Industry**

Purpose

*Lower Response Time
Lighten Logistics Footprint
Increase Availability*

**Leverage
Commercial
Supply Chain
Solutions**

A Reengineering Tool to Improve Readiness through Reliability
