

39th International Conference on Environmental Systems

July 12-16, 2009 ▪ Hyatt Regency Savannah ▪ Savannah, Georgia, USA

EVENT GUIDE

Includes Final Program and
Exhibit Directory

Presented by **SAE** International™

In association with

American Institute of Aeronautics and Astronautics
American Institute of Chemical Engineers
American Society of Mechanical Engineers
ICES International Committee

This is *my* SAE.

Julie Kincaid is an Aerospace Engineer working on gas turbine engines. She began her SAE involvement through the AeroDesign competition in college. She recently attended her first technical standards committee meeting and plans to actively participate in the future. Julie will attend the SAE 2009 AeroTech Congress, and as a member, it will be FREE this year! Julie stands out among her peers because of her SAE involvement.

SAE International™

Aerospace Standards Solutions

SAE can provide you with the information you need in the format that *best meets your needs*.

SAE Indexes

- **Aerospace Standards Index - 2009**
- **AMS Index - January 2009**

Individual Standards

At the heart of the SAE standards product line is the individual standard. Currently over 3,500 Aerospace Standards (AS), Aerospace Recommended Practices (ARP), and Aerospace Information Reports (AIR) are available. In addition more than 2,000 Aerospace Material Specifications (AMS) documents are available, both in print and as a .PDF download.

AeroPaks - Online Standards Plan

A yearly subscription plan offering you full text search capabilities and an account information page to keep you aware of changes and updates.

SAE Aerospace Standards on CD-ROM

Do you need an entire SAE standards library in a medium that is fast, easy to use and remains current throughout the year? Order the copy of SAE Standards on CD-ROM that suits your needs:

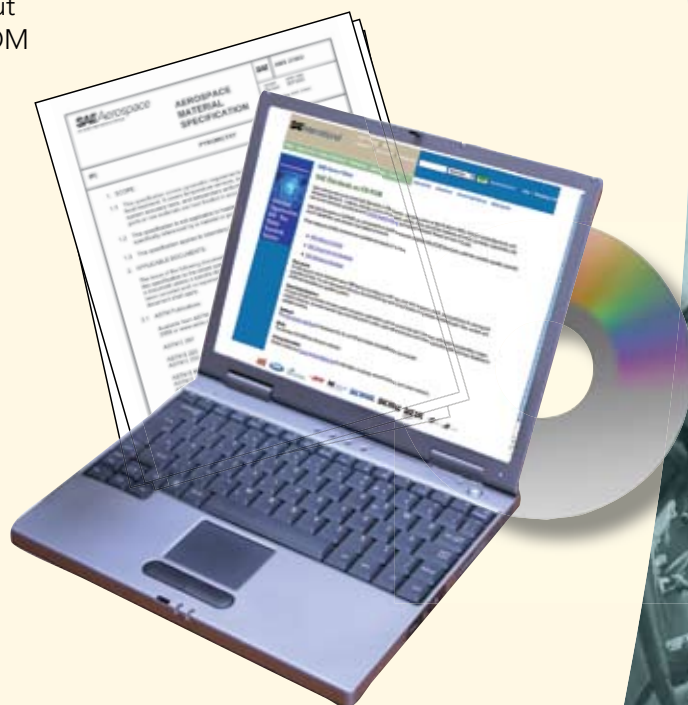

- **SAE Aerospace Standards on CD-ROM**
- **SAE Aerospace Materials Specifications on CD-ROM**

Each CD-ROM contains the entire respective catalog of standards and supporting documents; stores documents in .PDF; features a fast, flexible search function; and is update quarterly.

E-mail: CustomerSales@sae.org

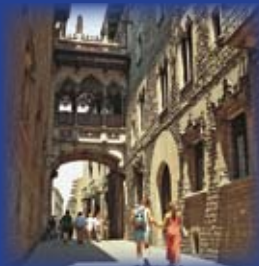

SAE International™

See you next year!

40th International Conference on Environmental Systems

12-15 July 2010
Hotel Fira Palace
Barcelona, Spain

ICES Under New Management Pursuant to a strategic realignment within the SAE International, in 2010 the management and operation of the International Conference on Environmental Systems (ICES) will transition to the American Institute of Aeronautics and Astronautics (AIAA), a long-standing co-sponsor of ICES and the world's largest technical society dedicated to the global aerospace profession. SAE will continue to work with the ICES Steering Committee and the AIAA professional staff during the transition to ensure the continuity of the conference.
