

CALL FOR PAPERS

SAE 2013 Brake Colloquium and Exhibition
Sawgrass Marriott
Jacksonville, Florida, USA
October 6 – 9, 2013

Critical Deadlines:

Deadline for submitting abstracts	March 1, 2013
Review Ready manuscripts due	April 19, 2013
Final Manuscripts due to SAE	July 1, 2013

The 31st Annual Brake Colloquium & Exhibition brings together brake industry experts and specialists from all points of the globe to learn about, present and display the latest scientific and technological innovations in brake materials, components, systems and testing.

Abstracts should be submitted on-line at www.sae.org/brake. Upon submission, you will receive an automatic reply with your tracking number.

The theme of the Brake Colloquium Technical Program is to present advancements and innovations that address the expectations of customers and end users. Each submission should reflect how these expectations are addressed in the objectives and conclusions.

Paper offers are being solicited in the following technology areas:

- Friction Materials and Raw Materials
- NVH
- New Technology
- Variability Reduction and Fingerprinting
- Testing and Measurement
- CAE
- Brake Corner Assembly/Brake Drag
- Components
- Systems
- High Performance Brakes
- Electronics - Foundation Brake Interactions and Stopping Distance
- Environmental Issues
- Electric and Hybrid Vehicle Brake Requirements/Testing
- Innovations in Caliper and Drum Brake Design
- Brake Fluids
- Wet Friction

Offered papers shall not have been published elsewhere; and if accepted, contributors will not release their paper for publication through other media.

Paper acceptance will be based on organizer moderated peer review of draft manuscripts. Authors will be charged a nominal registration fee.
