

Midway

M A G I C

Join us for an exciting evening reception aboard the USS Midway on Wednesday, February 7 from 6:30-8:30 p.m.

The Midway was the longest-serving aircraft carrier in U.S. Navy history – a 47-year odyssey that spanned the end of WWII and the liberation of Kuwait in 1991. Located in downtown San Diego at Navy Pier, the Midway is now a permanent museum. The Midway is a lovely ten minute walk from the Holiday Inn on the Bay.

The reception, sponsored by Toyota, will be held in one of the Hangar Bays, and you will have access to two flight simulators.

The Combat simulators will give you the opportunity to go head to head against the enemy or fly with the Blue Angels. The second motion simulator will allow small groups to participate in an exhilarating experience similar to the thousands of naval aviators who flew off the Midway.

Don't miss this exciting event that is included as part of your Hybrid Symposium registration!

Be sure to indicate when you register if you plan to attend.
