## Disc Brake Squeal – Mechanism, Analysis, Evaluation, and Reduction/Prevention

This publication provides an outline of the basic theories and analytical techniques covering disc brake squeal with an emphasis on application. Chapters written by professional and academic experts in the field cover:

- Analytical Modeling and Analysis
- CAE Modeling and Numerical Methods, Techniques for Dynamometer and Road Test Evaluation
- Critical Parameters that Contribute to Brake Squeal
- Robust Design Processes to Reduce/Prevent Brake Squeal via Up-front Design
- and more!

ISBN: 978-0-7680-1248-4

**SAE Member: \$79.96**

**Non-member: \$99.95**

**Product Code: R-353**

**\$74.95**

## Advancements in Steering Systems; Braking Systems; and Advanced Chassis Control and Rollover Stability

This publication contains 12 papers that address new developments in commercial vehicle steering such as auxiliary axle and computer controlled systems, as well as studies on regenerative brake systems and a new modeling technique that examines brake configuration packages for reducing stopping distances. It also includes new information on advanced control systems for enhancing stability and safety in road vehicles, and its effect on suspension kinematic characteristics.

ISBN: 978-0-7680-2092-2

**SAE Member: \$59.96**

**Non-member: \$74.95**

**Product Code: SP-2216**

**\$119.95**

## Brake Technology Handbook

In a single source, this book provides comprehensive coverage of the current state-of-the-art, as well as the future, of brakes and braking systems. Translated and completely updated from the landmark German-language work *Bremsenhandbuch*, it covers brake system fundamentals, requirements, design, construction, components, and subsystem functions for vehicles of all types (including passenger cars, commercial vehicles, off-road vehicles, motorcycles, racing vehicles and even aircraft).

Subjects covered include:

- mechatronics
- materials
- processes
- and more

ISBN: 978-0-7680-1787-8

**SAE Member: \$95.96**

**Non-member: \$119.95**

**Product Code: R-375**

**\$39.95**

## Rollover of Heavy Commercial Vehicles

This Research Report takes an in-depth look at the mechanics and contributing factors to rollover accidents and helps to identify prevention strategies. Illustrated by diagrams, tables, and charts, the research presented in this book covers the following topics:

- Rollover Accidents and Vehicle Roll Stability
- The Mechanics of Static Roll Stability
- Dynamic Considerations of Rollover of Heavy Vehicles
- The Influence of Sloshing Liquids and other Moving Loads
- Rollover and the Intelligent Highway/Vehicle System

ISBN: 978-0-7680-0626-1

**SAE Member: \$31.96**

**Non-member: \$39.95**

**Product Code: RR-004**

### SAE Members

save year-round on most SAE publications, conferences, seminars, and more!

### Order today!

Online: [store.sae.org](http://store.sae.org)

E-mail: [CustomerService@sae.org](mailto:CustomerService@sae.org)

Phone: 1-877-606-7323 (U.S. & Canada) or 1-724-776-4970

Note: prices subject to change. Actual shipping charges will be added.

## SAE Seminars and e-Seminars

### Commercial Vehicle Braking Systems – Product #: C0233

Also available as an e-Seminar! - Product # PD130611

SAE Members: \$1,265  
Non-members: \$1,395

### NEW! Fundamentals of Heavy Truck Dynamics – Product #: C0837

SAE Members: \$1,225  
Non-members: \$1,355

### Applied Brake Controls: ABS, TCS, and ESC – Product #: C0610

SAE Members: \$1,725  
Non-members: \$1,850

Visit: [mylearn.sae.org](http://mylearn.sae.org) for more information  
and schedules

### SAE 2009 Commercial Vehicle Engineering Congress & Exhibition

October 6 – 8, 2009

Donald E. Stephens Convention Center  
Rosemont (Chicago), Illinois USA

The conference of choice for the sharing of technical  
knowledge and networking for the global on- and off-  
road Commercial Vehicle Industry.

[www.sae.org/comvec](http://www.sae.org/comvec)

### Heavy Duty Diesel Emissions Control Symposium

September 16 - 17, 2009

Göteborg, Sweden

Be an integral part of the solution! Join us for this two-day  
information-packed event and interact with the most knowledgeable  
leaders from the global heavy duty diesel powertrain industry to  
discuss the pathways to emissions compliance and strategies that are  
currently under investigation for the heavy truck and bus sector.

# SAE J1939

## Standards Collection on the Web

The Real-Time CAN Solution for Commercial Vehicle Applications

Continually updated, web-based  
subscription service featuring:

- 13 Core J1939 Standards
- Related Standards and SAE Technical Papers
- J1939 Companion Spreadsheet
