...show others how they can make it **their** SAE!

Share what you value in your SAE membership with your professional network and encourage them to join SAE. Membership in SAE provides the path to career enhancement with a wealth of resources and opportunities. It's never too early or too late to begin your SAE journey.

Recruit!

Maybe you work with a young engineer, who doesn't know how SAE can help them build the knowledge and skills that can boost their career success. Perhaps you work with someone who knows about SAE, but isn't taking full advantage of everything we can offer them. You might work with a colleague from another country who has not made the SAE connection yet. Make an impact on your colleague's career path – recommend membership in SAE.

Reward!

We know that you sponsor new members for many reasons — and most of them don't have anything to do with a gift or reward. However, we appreciate you taking the time and effort to share your interest and help SAE grow. When you sponsor a new member, we will send you this SAE lunch bag.

Recruit new SAE members today!

- 1 . Sign the “Recommended by” line on the SAE membership application on the next page.
- 2 . Invite your colleague to explore SAE at www.sae.org to see how to make it their SAE.
- 3 . Your colleague completes and submits the SAE membership application on the back, or visits www.sae.org/membership/join to begin their SAE journey.
