- **Joint weapon system**
 - **Support equipment commonality**
 - **Cross service/partner/FMS LLs**
- **Fully fund it...on time sustainment contracts**
- **Get the rest of the service on board**
- **Analog activity in a digital system**

U.S. AIR FORCE

No Margin For Error

- **Delivering a new weapon system's operation capability**
 - Literacy – voracious consumption of information
 - Vision – uncompromised view of where the system needs to be
 - Build your road – challenge assumptions, innovate, then design solutions
 - Connect the dots – scan the landscape and enable teams of teams
 - Tenacity – solve one problem at a time; don't "live" in the thrash...fix as you go
 - Communicate – synthesize issues and micro inform senior leaders
 - Teaming – find best practices and make units associated with yours better
 - Demand Excellence – it's what our country deserves
