

SAE Engineering Events Tabletop Rules & Display Reference Guidelines

The following Exhibitor Rules & Display Reference Guidelines have been established by SAE High Efficiency IC Engine Symposium Show Management. These guidelines are created to promote continuity and consistency among tabletop exhibitors and follow industry tabletop exhibitor standards.

Tabletop displays are considered “static displays” and do not require booth staffing at all times. Please note that the display will be located inside the main session room. All breaks and the reception will be held in this room.

Exhibitor Rules:

- Display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors.
- Floor standing banner stands are not permitted in front or on the side of the tabletop. Any **pop-up banner MUST be behind your table**. There will be approximately three (3) feet behind the table which includes the space needed and room for your provided chairs.
- Do not bring pop-up displays unless approved by Show Management.
- Exhibitors are encouraged to display promotional items on the tabletop. Table display banners must not exceed 5' in height and 4' in width and/or floor standing display banner stands (*behind your table*) must not exceed 8' in height and 3 ½' in width.
- Please do not leave valuables at your tabletop space overnight! There will not be security at the exhibit area during closed hours/overnight.
- Exhibitors may not solicit in the aisles or in any other location in, around or outside the hotel except at their tabletop booth.
- If you require electricity and/or internet for your exhibit, please order these services directly from the Westin Hotel. Contact and information is below.
