Small Powertrain and Energy Systems Technology Conference

# SETC

November 10-12, 2020  
Minneapolis, Minnesota, USA

**SAVE THE DATE**

## **DISCOVER NEW AND EMERGING SMALL POWERTRAIN TECHNOLOGIES**

The Small Powertrain and Energy Systems Technology Conference (SETC) returns to the Midwestern United States, the birthplace of SETC – which first began in 1989. This year's event brings with it a new name, one which better defines the subjects covered.

Don't miss the chance to interact with small powertrain makers from the US, Asia, and Europe to learn how they are applying emerging technologies, and what has been achieved to date.

# INCREASE YOUR VISIBILITY AT THIS GLOBAL SMALL POWERTRAIN AND ENERGY SYSTEMS EVENT

Small Powertrain and Energy Systems Technology Conference (SETC) attracts 300+ industry professionals from around the world to discuss the most promising new technologies related to:

- Engine design
- Fuels
- Lubricants
- Combustion
- New energy sources
- Environmental impacts
- Emissions control for the small engine segment

Interact with your target audience, build new relationships, and reconnect with existing customers.

**RESERVE YOUR SPONSORSHIP  
AND EXHIBIT OPPORTUNITY TODAY.**
