Exhibit and Sponsorship Opportunities
Shaping the Future of Aerospace

SAE International’s AeroTech® unites high-tech aerospace and engineering professionals for premier technical education and invaluable insights into the future of the industry. Covering every facet of modern aerospace and defense mobility – from materials and manufacturing to avionics, propulsion to power systems, and economics to safety – AeroTech enables attendees to share information on emerging and applied technologies, discuss industry challenges and opportunities, and network with other professionals. Learn about industry endeavors and successes in sustainability, safety and security, automation, connectivity, smart manufacturing, digital transformation, additive manufacturing, materials, supply chain and much more at AeroTech 2023.

Why Exhibit and Sponsor at AeroTech?

• Generate new leads from prospects you won’t meet anywhere else
• Reunite and network with industry decision-makers
• Strengthen your relationships with current customers
• Get a head start on what buyers want by accessing the latest trends
• Position yourself as an industry leader while evaluating your competition

Connect With the Entire Industry

AeroTech provides an open technical forum for all aerospace and defense professionals – executives, engineering managers, engineers working in all technical fields, regulators, scientists, and academia – as they look for solutions to advance their ideas and operations.
