Department of Defense
OFFICE OF PREPUBLICATION AND SECURITY REVIEW

MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Approval of the 2022 Department of Defense Maintenance Symposium

The Office of the Under Secretary of Defense for Acquisition and Sustainment has approved the 2022 Department of Defense (DoD) Maintenance Symposium consistent with the Deputy Chief Management Officer's DoD Conference Guidance. While the Military Services and commands may choose to place additional controls on attendance, this approval covers all DoD participants. The symposium is the only official DoD event focusing solely on sustainment and maintenance of our weapon systems and equipment and I ask your fullest support.

The theme of this year's symposium is *Next Generation Materiel Readiness Forged through Data Advantage, Technology, and Innovation*. The 2022 conference will be held at the Orange County Convention Center in Orlando, Florida, on December 12-15, 2022. Our comprehensive technical program is structured to align with the goals of the National Defense Strategy and Secretary Austin's priorities.

The symposium also presents an opportunity for associated meetings, reducing the requirement for other separate meetings. During the last symposium in 2019, the associated meetings included the Air Force Senior Maintenance Leaders Forum; Collaborative Business Relationship Workshop; Depot Production Systems Workshop; the Condition Based Maintenance Plus Mini summit; Army Maintenance Forum; Army Postproduction Software Sustainment Forum; Army Additive Manufacturing Workshop; the Army Corrosion Control and Prevention Executive Meeting; the Army Award for Maintenance Excellence Workshop; the Air Force Sustainment Command Software Enterprise Meeting; the Cross-organizational Software Sustainment Workshop; the SAE G 11M, Maintainability, Supportability and Logistics Committee Meeting; and the Fleet Readiness Centers Commanders Meeting. Also, the Joint Group on Depot Maintenance and the Industrial Base Commanders conducted regularly scheduled meetings. The associated meeting opportunity is extended to all Military Services and Defense Agencies. I encourage your staff and offices to take advantage of this opportunity.

For additional details, please visit www.sae.org/dod. My point of contact is Mr. Michael P. Hynes, Office of the Deputy Assistant Secretary of Defense for Materiel Readiness (ODASD(MR)), at 703-697-1903, michael.p.hynes.civ@mail.mil; and Mr. Chuck Field, ODASD(MR), at 703-459-0701, charles.e.field4.ctr@mail.mil.
