Student Best Presentation Competition

Deadline to Apply – June 1, 2024

Calling all students to share your latest interests/work/research at the SAE Brake Colloquium in Grapevine (Dallas), Texas. In addition to a cash prize, this is a great opportunity to showcase yourself and present technology to industry professionals as well as have private networking opportunities with executives. Prize monies awarded by the SAE Myers Award.

1st place \$2500
2nd place \$1000
3rd place \$500

Presentations will be judged during one of the technical sessions on-site at the event.

The student (presenter) is encouraged to use their company's display booth, if available/applicable.

Scoring:

- The judges on the panel (5-7 judges) will jointly score the oral presentation based on the following criteria
 - Speaker is prepared, enthusiastic, and persuasive, the information was presented clearly and effectively.
 - Ability to clearly answer questions from the panel.
 - The visual aids were clear and readable.
 - The material presented is a clear and logical sequence.
- The highest scores will determine the 3 winners of the Contest and recipients of the Award.

Qualifications:

In order to participate, you must be a registered, full-time student, working on a bachelor, master or Ph.D. w photo I.D.

Awards & Recognitions:

The top 3 students will be selected on-site, and cash prizes awarded.

Application:

To apply, please submit a 250-word abstract and author names, affiliations, and contact information by June 1, 2024, to melissa.jena@sae.org.

Registration Fee:

SAE will waive the registration fee to all students that compete.
