Role At All Levels

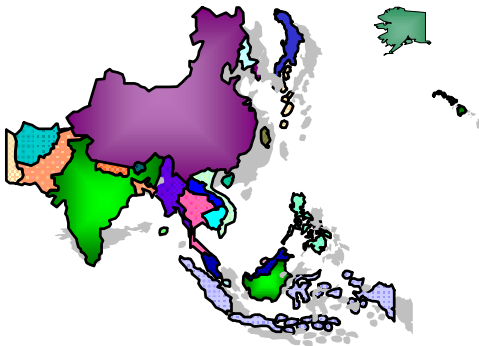

What Is In The LSE Pipeline?

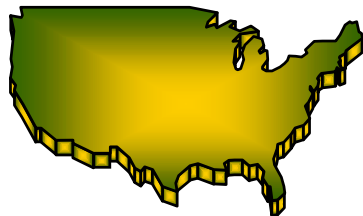

AFSC Forward Presence

Enhance Readiness Through Unified and Integrated Application of AMC's Logistics Power Projection of Technical Capabilities to Units Anywhere in the World by:

- ❖ Providing unified command and control/operational control/ coordinating authority to all AMC elements
- ❖ Filling logistics seams with AMC technical capabilities
- ❖ Advising Commanders on AMC technical capabilities
- ❖ Tailoring support based on Commander's desires and METT-TC
