BREAKOUT SESSION

Oversight & Management of Contractor Maintenance in Contingency Operations

Kerry Powell
Senior Acquisition Management Specialist
OADUSD (PS)
Requirements for DoD Initiatives

- Section 861, 2008 NDAA - Establish framework in Iraq & Afghanistan for managing and reporting on DoD, DoS, & USAID contracts, contractor tracking, and incident reporting

- Section 862, 2008 NDAA - Establish regulations governing all USG PSC operations in a “combat operation,” specifically Iraq and Afghanistan

- Synchronized Predeployment and Operational Tracker status
Effects-Based Approach

- SPOT End State Must Deliver a Capability to:
  - Identify a contractor to a contract
  - Identify a contractor to authorized support
  - Track contracts to execution, termination, redeployments
  - Provide visibility of contractor movement to various locations
  - Provide critical information (e.g. training, arming authorizations, etc.)
Implementation

Status

• CENTCOM FRAGO mandating SPOT registration and the use of a **Standardized Letter of Authorization published**. Effective Date: **30 Aug 08**

• Based on the 30 Jun 08 CENTCOM Census, **approximately 47% of target contractors are currently captured in SPOT** (largest populations known to not be in SPOT are LOGCAP, AAFES).

• JCCI-A is compliant with loading new contracts and contractors.

• For the month of September, **SPOT new user registrations increased by 700 percent**; Letters of Authorizations produced approaching 30K.

• Large concern is that contract officers not registering contingency contracts in SPOT as a follow-on to the award process. This is required for companies to complete Contractual requirement.

• Department of State on track to have all contractors loaded into SPOT Oct 08. USAID in planning phase.

• Other COCOMS implementing SPOT.

• Biometric Card Initiative.

**Bottom Line: No Negative Impact to the Warfighter**
Joint DUSD (L&MR)/ DUSD (Program Integration) memorandum designates SPOT as contractor accountability database for DoD (Jan 07)

USD (AT&L) interim SPOT implementation guidance for selected contractors in CENTCOM (Sep 07)

Issuance of DFARS Class Deviations provides for contractors in CENTCOM AOR to use SPOT for personnel accountability (Mar 07 / Oct 07)

SPOT Business Rules issued (Nov 07)

Program Guidance Instruction issued to establish timeline for achieving 100% contractor accountability in CENTCOM AOR

CENTCOM FRAGO requires use of SPOT Letter of Authorization (LOA) (Aug 08)
