List of Chapters:

Figures
Foreword
Dr. Philippe Rochat, Secretary General, International Civil Aviation Organization
Foreword
Dr. Marvin L. Smith, Ed.D, Director, ATC Program, Embry-Riddle Aeronautical University
Preface

PART A: HISTORICAL PERSPECTIVE
1. Introduction to the Future Air Navigation System (FANS)
   • Introduction
   • The Special Committee on Future Air Navigation Systems - (FANS)
   • The Special Committee for the Monitoring and Coordination of Development and Transition Planning for the Future Air Navigation System (FANS Phase II)
   • The Tenth Air Navigation Conference
   • A Brief Look at CNS/ATM
   • A Glance at the Future
   • Recapping the Major Points
   • Questions and Exercises to Expand your Knowledge
2. The International Civil Aviation Organization (ICAO)
   • Introduction
   • A Historical Synopsis of Internationalism in Aviation
   • ICAO Today
   • Responsibility and Role of ICAO Regarding CNS/ATM
   • A Glance at the Future
   • Recapping the Major Points
   • Questions and Exercises to Expand your Knowledge

PART B: COMMUNICATIONS, NAVIGATION, SURVEILLANCE/AIR TRAFFIC MANAGEMENT (CNS/ATM)
3. Communications
   • Introduction
   • Definitions
   • Shortcomings of the Present System
   • Communications
   • Communications Envisaged in an Integrated Global CNS/ATM Environment
   • Data Link
   • Aeronautical Telecommunications Network (ATN)
   • Service Providers
   • Summary of the Benefits of the Future Global Communication System
   • Recapping the Major Points
   • A Glance at the Future
   • Questions and Exercises to Expand your Knowledge
4. Navigation
   • Introduction
   • Definitions
   • Shortcomings of the Present System
   • Navigation
   • Navigation as Envisaged in an Integrated Global CNS/ATM Environment
   • Global Navigation Satellite Systems (GNSS)
   • Required Navigation Performance (RNP)
   • Summary of the Benefits of the Future Navigation Systems
   • A Glance at the Future
   • Recapping the Major Points
   • Questions and Exercises to Expand your Knowledge
The Future Air Navigation System (FANS)

5. Surveillance
- Introduction
- Definitions
- Shortcomings of the Present System
- Surveillance
- Surveillance as Envisaged in the Integrated Global CNS/ATM Environment
- Automatic Dependent Surveillance (ADS)
- ADS Broadcast (ADS-B)
- Secondary Surveillance Radar (SSR) Mode S
- Summary of the Benefits of the Future Global Surveillance System
- A Glance at the Future
- Recapping the Major Points
- Questions and Exercises to Expand your Knowledge

6. Air Traffic Management
- Introduction
- Definitions
- Shortcomings of the Present System
- Air Traffic Management (ATM)
- Elements of the ATM System
- Summary of the Benefits of the Future ATM system
- A Glance at the Future
- Recapping the Major Points
- Questions and Exercises to Expand your Knowledge

7. Transition and Implementation
- Introduction
- Global Planning
- System Implementation
- Institutional Considerations
- Implementation Options

PART C: THE HUMAN ELEMENT
8. Human Factors in CNS/ATM Systems
- Introduction
- Historical Background
- Automation in Future Aviation Systems
- CNS/ATM System Automation
- Issues and Concerns in CNS/ATM Systems Automation

9. A View of the Future System from the Air
- Introduction
- Strategic Planning by the Aircraft Operator
- Three Hours Prior to Departure
- Start up
- Taxiing

10. A View of the Future System from the Ground
- Introduction
- A Look Behind the Scenes
- Beginning the Shift with the Tower (TWR) Controller
- The Approach Controller
- The Enroute Controller (Continental Airspace)
- The Upper Area Control Centre (ACC) Controller
- The Oceanic and Remote Area Controller
- Management of Emergencies
- Training
- Human Factors Issues
- Benefits

PART D: REFERENCES
References
- Appendix A: Annexes to the Convention on International Civil Aviation
- Appendix B: Invitation of the United States of America to the Conference
- Appendix C: Terms of Reference of FANS I and FANS II
- Appendix D: Recommendations of the Tenth Air Navigation Conference
- Appendix E: Statement of ICAO Policy on CNS/ATM Systems Implementation and Operation
- Appendix F: ICAO State Letter on Policies Concerning Planning and Implementation of CNS/ATM Systems
- Appendix G: GPS and GLONASS Technical Characteristics
- Appendix H: Letter from the Administrator of the FAA and the Response by the President of the ICAO Council Accepting the Offer by the United States

PART E: LIST OF ABBREVIATIONS
- List of Abbreviations
- Index
