## VOLUME 3A — CHAPTER 9

<b>Photogrammetric Measurement Error Associated with Lens Distortion</b>	<b><a href="#">141</a></b>
Introduction	<a href="#">142</a>
Background	<a href="#">142</a>
Testing Procedure	<a href="#">144</a>
Creating an Undistorted Image	<a href="#">144</a>
Manually Assessing Lens Distortion Coefficients in a Camera	<a href="#">146</a>
Sample Procedure	<a href="#">147</a>
Results of the Study	<a href="#">150</a>
Effect of Lens Distortion in Real-World Measurements	<a href="#">153</a>
Conclusions	<a href="#">155</a>
References	<a href="#">156</a>
Appendix A (Distortion Distance, per Camera, per Focal Length)	<a href="#">157</a>
Appendix B (Correction Coefficient Database)	<a href="#">192</a>
