Introduction	<u>xi</u>
Acknowledgments	<u>xiii</u>
Foreword	<u>xv</u>
Preface: Two Men, Two Visions	<u>xvii</u>

## SECTION I

### CHAPTER 1

The Beginning: Tragedy and Perseverance	<u>3</u>
---	----------

### CHAPTER 2

Bruce McLaren: Driver to Europe	<u>7</u>
---------------------------------	----------

### CHAPTER 3

Rev-Em Racing: Teddy, Tyler, and Bill	<u>13</u>
---------------------------------------	-----------

### CHAPTER 4

Bruce McLaren Motor Racing Ltd. (BMMR)	<u>17</u>
--	-----------

<b>The Tasman Cooper</b>	<u>17</u>
<b>Cooper-Oldsmobile—The Zerex Special</b>	<u>18</u>

### CHAPTER 5

McLaren's Engine Program—Before Detroit	<u>23</u>
---	-----------

<b>The Oldsmobile F-85 Aluminum V8</b>	<u>23</u>
<b>Gary Knutson</b>	<u>24</u>
<b>The F1 Indy Ford</b>	<u>25</u>
<b>The Chevrolet “Small Block”</b>	<u>26</u>
<b>The Chevrolet “Big Block”</b>	<u>29</u>

### CHAPTER 6

The First “In-House” McLaren Engine Shop	<u>33</u>
--	-----------

## SECTION II. FOUNDING McLAREN ENGINES, INC.

### CHAPTER 7

Moving to Detroit	<u>41</u>
-------------------	-----------

<b>McLaren's Headquarters in America</b>	<u>42</u>
--	-----------

### CHAPTER 8

1970: Indy and Can-Am	<u>47</u>
-----------------------	-----------

<b>The First McLaren Indy Car</b>	<u>47</u>
-----------------------------------	-----------

<b>The 1970 Can-Am Season</b>	<u>51</u>
-------------------------------	-----------

<b>Reynolds Block</b>	<u>52</u>
-----------------------	-----------

<b>Chevrolet Racing</b>	<u>53</u>
-------------------------	-----------

<b>Chevrolet Racing: The Cosworth Vega</b>	<u>55</u>
--	-----------

<b>NASCAR Engine Development</b>	<u>56</u>
----------------------------------	-----------

### CHAPTER 9

1971: Knutson Returns—With Bailey	<u>59</u>
-----------------------------------	-----------

<b>Roger Bailey's Ticket</b>	<u>61</u>
------------------------------	-----------

<b>“Herbie Horsepower”</b>	<u>62</u>
----------------------------	-----------

<b>Roger Meets Herbie</b>	<u>63</u>
---------------------------	-----------

### CHAPTER 10

McLaren Racing 1971–1976	<u>67</u>
--------------------------	-----------

<b>A New McLaren Indy Car</b>	<u>67</u>
-------------------------------	-----------

<b>1971 Can-Am Season</b>	<u>70</u>
---------------------------	-----------

1972—McLaren's Last Can-Am Season	<u>71</u>
Can-Am Big Block Summary	<u>75</u>
1972: McLaren M16 Wins the 1972 Indy 500	<u>77</u>
1973: The IndyCar Program Continues	<u>77</u>
The Tragic 1973 Indianapolis 500	<u>79</u>
1974 IndyCar Season	<u>80</u>
Team McLaren's First Indy Victory	<u>81</u>
The 1975 Indianapolis 500	<u>82</u>
1976 Indianapolis 500: Another Win for McLaren	<u>83</u>

#### CHAPTER 11

Developing the Turbocharged Cosworth DFV	<u>85</u>
Taming the Vibes	<u>89</u>

#### CHAPTER 12

IndyCar Racing: 1977–1979	<u>93</u>
1977: The M24-DFX Makes Its Debut	<u>94</u>
The 1977 Indy 500: Touching 200	<u>96</u>
The 1978 Season	<u>96</u>
The 1979 Season	<u>97</u>

#### CHAPTER 13

A Skunkworks F1 Engine 1977–1979	<u>101</u>
The BMW 320 Turbo Engine	<u>101</u>
1977: Ready to Race	<u>106</u>
The 1978 Season	<u>107</u>
The 1979 Season	<u>109</u>

#### CHAPTER 14

Crisis and Crossroads	<u>113</u>
Team McLaren Leaves America	<u>113</u>
Decision	<u>114</u>
A Reprieve ...	<u>114</u>

## SECTION III. A NEW McLAREN ENGINES: THE RACING BUSINESS

#### CHAPTER 15

Rebuilding	<u>117</u>
Mayer Motor Racing	<u>117</u>
The CART Technical Committee	<u>118</u>
BMW Engine Programs	<u>118</u>
The McLaren Mustang	<u>120</u>
Peugeot V6 Turbo	<u>121</u>
Porsche Turbos 924 and 944	<u>121</u>
1997 Saleen Mustang at Le Mans	<u>122</u>

#### CHAPTER 16

The Buick Turbo V6 Racing Engine	<u>127</u>
The ARS Engine	<u>131</u>
A Version for IMSA	<u>131</u>
Buick Turbo V6 Drag Car	<u>133</u>
Buick LeSabre Turbo V6 Bonneville Car	<u>133</u>
The Buick Hawk: Six Valves per Cylinder	<u>134</u>

#### CHAPTER 17

BMW Returns: The IMSA GTP Car	<u>139</u>
----------------------------------	------------

#### CHAPTER 18

Project 734: McLaren Goes Offshore	<u>145</u>
------------------------------------	------------

## SECTION IV. A NEW McLAREN ENGINES: THE AUTOMOTIVE ENGINEERING BUSINESS

<b>CHAPTER 19</b>		<b>SECTION V. TRANSITIONS</b>	
McLaren International, McLaren Engines, and ASC-McLaren	<u>155</u>	<b>CHAPTER 23</b>	
<b>ASC-McLaren</b>	<u>156</u>	The McLaren Engines/ASHA Merger	<u>199</u>
The Buick GNX	<u>157</u>	<b>The Cadillac LMP Engine</b>	<u>201</u>
The Pontiac Grand Prix Turbo	<u>161</u>	<b>The Ramjet ZL1 Crate Engine</b>	<u>205</u>
<b>CHAPTER 20</b>		<b>The Transition Continues: A New Investor</b>	<u>206</u>
Other Niche-Market Program Opportunities	<u>169</u>	<b>Indy Car Racing: One More Time</b>	<u>206</u>
<b>The GMC Syclone Prototype</b>	<u>169</u>	<b>Acquiring Dart Machine, Ltd.</b>	<u>206</u>
<b>The Supercharged Oldsmobile W-Car Convertible Proposal</b>	<u>170</u>	<b>Selling Gerodisc</b>	<u>207</u>
<b>A Niche-Market Postmortem</b>	<u>171</u>	<b>CHAPTER 24</b>	
<b>CHAPTER 21</b>		Linamar Acquires McLaren	<u>209</u>
A New Customer: Ford Motor Co.	<u>175</u>	<b>CHAPTER 25</b>	
<b>The Breakthrough</b>	<u>177</u>	McLaren Acquires New OEM Programs	<u>213</u>
<b>“Belden Court”-The Vehicle Development Center</b>	<u>179</u>	<b>Generation III Viper Engine Development</b>	<u>213</u>
<b>CHAPTER 22</b>		<b>The Generation IV Viper Engine</b>	<u>214</u>
Other Automotive Engineering Business	<u>183</u>	<b>Lamborghini Huracán Competition Engine Programs</b>	<u>215</u>
<b>Legend Industries</b>	<u>183</u>	<b>Electric Vehicle Powertrain</b>	<u>218</u>
<b>The PPG Pace Cars</b>	<u>185</u>	<b>CHAPTER 26</b>	
<b>O’Gara-Hess &amp; Eisenhardt</b>	<u>188</u>	A New Headquarters and a New Name	<u>221</u>
<b>Other OEM Projects</b>	<u>190</u>	<b>Project Unity: Going Forward</b>	<u>222</u>
General Motors	<u>190</u>	<b>Appendices</b>	<u>225</u>
Delphi	<u>192</u>	<b>About the Author</b>	<u>247</u>
Eaton Corporation	<u>193</u>	<b>Index</b>	<u>249</u>
Catalytic Converter Testing and Development	<u>194</u>		
<b>Other Projects</b>	<u>194</u>
