PATENT HOLDER’S POSITION REGARDING LICENSING ESSENTIAL PATENT RIGHTS

The Patent Holder believes it owns or controls granted patent(s) and/or pending applications which it believes would be infringed by compliance with the Proposed SAE Standard. Patent Holder states that its position with respect to licensing such patent(s) is as follows (check one box only).

1. The Patent Holder is prepared to grant a free license* under the patents which are identified in the Appendix A to an unrestricted number of applicants on a worldwide, non-discriminatory basis to comply with the Proposed SAE Standard.

2. The patent Holder is prepared to grant a license* under the patents which are identified in the Appendix A to an unrestricted number of applicants on a worldwide, non-discriminatory basis and on reasonable terms and conditions to comply with such Proposed Standard.

3. The Patent Holder is unwilling to grant licenses according to the provisions of either 1 or 2 above. In this case, the following information is requested:

   • Does patent Owner agree that its patent is required to comply with Proposed Standard?

   • If Owner agrees its patent is required, please provide the patent number and claims effected.
     Patent Number(s): _____________________________
     Claims Effected: _____________________________

*Licensees to an applicant denied on basis of pending or ongoing patient litigation with Patent Holder is not deemed discriminatory, nor is a license that includes a reciprocity requirement, field of use restrictions or termination upon withdrawal of Proposed Standard deemed unreasonable for such inclusion.
