Title: "[Electric Vehicle Power Transfer System Using a Charging Device]"

Dear Mr. Pokrzywa:

In accord with the current version of the SAE Technical Standards Board Governance Policy relating to patent disclosures, [TransTech of SC. Inc.] provides the following assurances:

X [TransTech of SC Inc.] does not hold and does not currently intend holding any invention claimed in a patent or a pending patent application the use of which would be required for compliance with SAE Standard / Technical Report No. [SAE J3105]; or

☐ [TransTech] shall make available the following patented and/or patent pending technology, which is or may become essential to SAE Standard / Technical Report No. [SAE J3105] to persons or entities desiring to implement the Report(s).

[TransTech of SC Inc.] shall (select only one):

☐ provide a royalty-free, non-exclusive license to the patents/patent applications listed below; or

X provide a non-exclusive, non-transferable, license to the patents/patent applications listed below under reasonable rates, with reasonable terms and conditions as set forth in a license agreement that are demonstrably free of any unfair discrimination. For the avoidance of doubt, TransTech shall own any and all rights to any patents/patent applications that may arise out of performance with this project.

United States Patent No. __________, entitled, (Title), issued on (Date)

United States Application No. __________, entitled, (Title), issued on (Date)

EP Patent No. __________, entitled, (Title), issued on (Date)

Each of the preceding enumerated patents and/or patent applications are assigned to [TransTech of SC Inc.].
